All,

In reading Dr. Burks recent email he did discover a flaw with the BETA 2021 LA Tracker Spreadsheet. Moving forward:

- For 2020-21 Service Year LA Trackers, please revert back to the old version (Attached) (also use this for 2021-2022 LA Tracking until they can fix the new spreadsheet)
- The 2021 Sheet is still good for submitting T&As when the employee does not have access to webTA themselves.

Thank you.
